

564 HO Floor - New, Longer Fireback Clips

Part # 250-03768

Overview

The 564 HO has two fireback clips attached to the firebox ceiling. On older 564 HO fireplaces the stock clips are not long enough to secure the glass firebacks in place. The included fireback clips should be used instead. NOTE: Newer fireplaces have these clips installed.

Instructions

Remove and discard the old, shorter fireback clips (see illustration below). Install the new, longer clips.

Remove the clips on both sides (these clips have key-holes, allowing removal without removing the screw)
