## STOVE BLACKING

302

CATALOGUE OF STOVE AND FURNACE REPAIRS.

### STOVE BLACKING.

#### Yellow Label Benzine Stove Polish.

We recommend this high grade polish to all dealers who are desirous of having their sample stoves polished with blacking which produces a jet black, mirror like finish.

1 lb. Cans, for retail trade, 1 doz. in case.  
5 lb. Cans, packed, 6, 12 or 24 cans, in wooden boxes.  
**WRITE FOR PRICE.**

#### Yellow Label Benzine Liquid Stove Polish.

Realizing that a great many dealers are called upon to furnish their customers the same kind and quality of polish which they use on their sample stove, we are putting up this excellent polish up in a convenient and handsome retail package, to sell to the consumer, at 15 cents per can. No dealer can afford to be without this class of goods.

10 oz. Cans, packed,  
3 dozen in case.

**A FEW EXAMPLES OF THE GREAT ART WORK THAT WAS CREATED BY AMERICAN COMPANIES THAT SUPPLIED THE STOVE INDUSTRY.**

### STOVE BLACKING AND BLACK ENAMEL

304 CATALOGUE OF STOVE AND FURNACE REPAIRS.  
STOVE BLACKING AND BLACK ENAMEL.

5-lb. cans, 6 in case.

5-lb. cans, 6, 12 and 24 in case.  
10-oz. cans, benzine liquid, 3 doz. in case.  
16-oz. cans, paste, 1 dozen in case.

One-half pint cans, with brushes, in handsome display cartons, holding one dozen cans. Also put up in gallon cans for shop use.  
For use on steel ranges, steel cook, gas and gasoline stoves. Stove pipe, steam and water pipes, boilers, smoke stacks, furnace fronts, fire escapes, iron fences, radiators, registers, and everything on which a jet black gloss finish is desired.  
The best, most brilliant, jet black iron enamel on the market today. Do not confuse this enamel with other inferior, worthless kinds. Pay just a trifle more than the cheaper kinds would cost you and get the best.

### IDEAL METAL POLISH AND ALUMINUM ENAMEL

OMAHA STOVE REPAIR WORKS. 305

#### IDEAL METAL POLISH AND ALUMINUM ENAMEL.

NO. 106, 2.5.

**The Liquid Ideal Metal Polish**  
Is the only kind that does not scratch the most highly polished metals, whether brass, copper, gold or silverware. It is not injurious to metals, and cleans every kind of metal. Liquid polish is especially good to clean nickel plated parts of stoves.  
Put up in six sizes:  
No. 6. 1 1/2-pint cans, 3 dozen in case.  
No. 1. 4-pint cans, 1 and 3 dozen in case.  
No. 2. 1-pint cans, 1 dozen in case.  
No. 3. 1-quart cans, 1 dozen in case.  
No. 4. 4-gallon cans, any quantity.  
No. 5. 1-gallon cans, any quantity.

**Ideal Bar Keeper's Polish**
