A SET OF GLENWOOD RANGE FIRE BOX LININGS

TO HELP THE GLENWOOD DEALER

The number in centre of Left End Lining, as indicated by arrow, shows where catalogue order number for each Glenwood Range Lining will be found.

This new idea will be appreciated by all dealers in linings, as racks can be built and numbered corresponding to catalogue, and any person, whether familiar with linings or not, will be able to find the piece or set wanted at a moment's notice.

The numbers from one to six on the above illustration explain our method of naming each separate piece of a set of linings: No. 1, Right End; No. 2, Right Back; No. 3, Left Back; No. 4, Left End; No. 5, Left Front; No. 6, Right Front
