- 3.9" Pipe Section
- High-Wind Horizontal Cap

Installation Overview

WARNING:

Vent kit must be installed by a qualified installer and must meet all clearances (see owner's manual for details). All vent installation requirements listed in the owner's manual and by Simpson Duravent must be met (see www.duravent.com for details).

NOTE: The pipe extension (inner and outer) on the cap may need to be trimmed to fit flush against the exterior of the home (especially on 2x4 exterior walls). Make sure the cap overlaps the vent section a minimum of 2".
