

# 564/864 HO Ironworks Handle Installation

(sku 96500871, 96500872, 96500873)

## Packing List

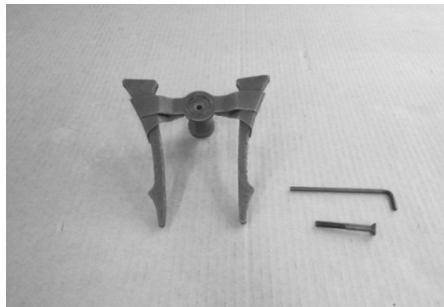

Figure 1: Chateau Handle

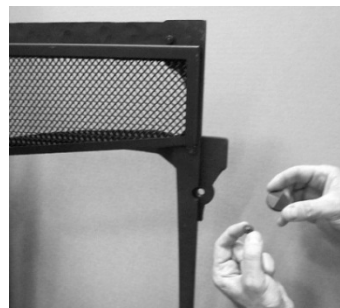

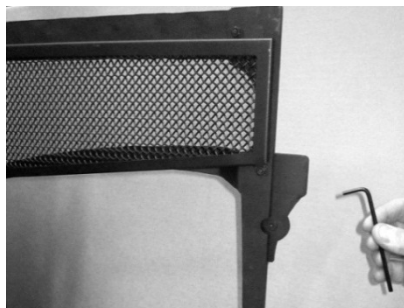

- Lodge Ring Handle or Chateau Handle
- Hex Wrench (5/32")
- Hex screw (Chateau only)

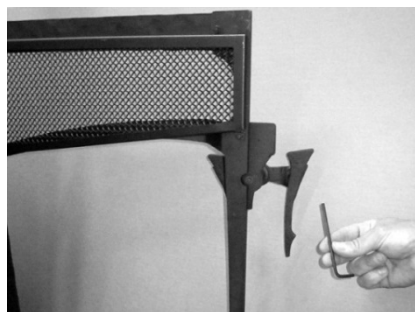

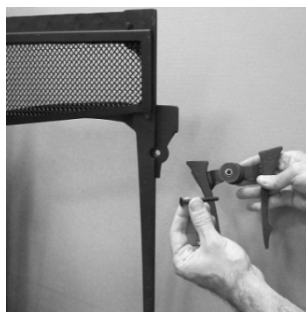

Figure 2: Lodge Ring Handle

## Installation

1. Chateau Handle only: Remove the existing medallion and screw from the door using the 5/32" hex wrench.  
Lodge Ring Handle only: Discard the medallion, but keep the screw to mount the handle.

2. Chateau Handle only: Secure the handle to the door using the included screw. The screw passes through the door and handle, then fastens to the medallion removed in step 1.  
Lodge Ring Handle only: Secure the handle to the door using the medallion mounting screw.

3. Make sure the handle is straight before fully tightening the screw.
