

*A whole new meaning  
to home comfort*

**SECURITY  
FIREPLACE**

## **SECURE HE43**

HEAT-CIRCULATING  
WOOD BURNING  
FIREPLACE

### *Reward your sophisticated sense of taste*

Imagine your very own fireplace. Hypnotic flames. The crackling sound of burning logs. A warm and relaxing ambiance. Well, the Secure HE 43 wood burning fireplace shares your vision of warmth and beauty. Exquisitely designed with a passionate commitment to quality and the finest attention to detail, the Secure HE 43 captures the luxurious look of a real masonry fireplace.

The Secure HE 43 features a wider opening for a panoramic view of the fire, along with unique decorative styling, sliding doors, rigid firescreen and a large firebox for those long winter nights.

Engineered for ease of installation, the Secure HE 43 is as enduring as its classic design. In fact, there's no better choice for today's homeowner.

## STANDARD FEATURES

The Secure HE 43 offers all the beauty and performance you'd expect from a luxury fireplace and includes the following standard features:

### Sliding doors add a touch of elegance

Both the double doors and the firescreen slide out of sight into the sides of the frame to provide a true vision of beauty.

### A breath of fresh air

A powerful, super-efficient air wash system prevents soot and grime buildup. The result is clean glass doors and a fresher home environment.

### No fuss. No muss.

Tilting cast iron wood grate for quick, easy cleaning. What could be more practical and convenient!

### Standard features:

- Stunning panoramic view of the fire (dimensions: 28-1/2" Wide x 18" Deep)
- 18-inch deep firebox capable of holding logs of up to 20 inches

- Large refractories simulate a real masonry fireplace
- Beautiful picture frame contour design
- Super-efficient air wash system helps to keep doors clean
- Choice of 24k gold-plated or black doors with ceramic glass
- Tilting cast iron wood grate for easy cleaning
- Sliding doors and rigid firescreen designed for practicality and convenience
- Pre-installed outside air adapter
- Outside air kit (4" I.D. insulated flex pipe x 10 feet long)
- Damper flue positioned for safe, easy and clean operation
- Gas knockout on both sides
- 50% efficiency
- For additional comfort and piece of mind the Secure HE43 can be connected to your central forced air heating system
- Controlled combustion for better burn rate
- Zero clearance on back and sides offers greater decorating flexibility
- Circulating heat up to 170 CFM without blowers

### Chimney system:

The Secure HE 43 fireplace is certified with the following chimneys:

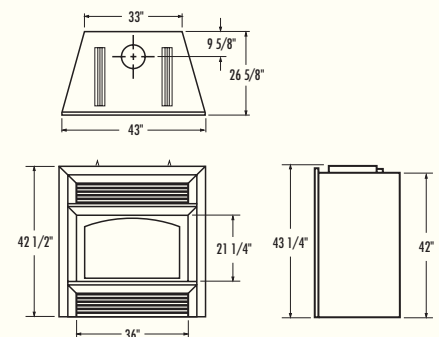

- ASHT+ 8" I.D. insulated chimney
