SILL STOVE WORKS
ROCHESTER, N. Y.

1918

No. M. B. 60.

HOW TO ORDER

GENUINE STERLING REPAIR PARTS FOR STERLING RANGES

Consult the diagrams, and find the number of the parts needed. The name opposite this number in the list of parts, is the proper name to order by.

In order to insure promptness and avoid delay let your first communication give necessary information as follows:

1st: The name and number of part. **2nd:** The Type letter (F for leg base, no hearth type; H for hearth and leg base; C for cabinet base, no hearth type.) See cuts below. **3rd:** The Model letter, (as Model R, M, etc.) **4th:** The full number of the range as 681, 492, etc. **5th:** Style of range (square or reservoir) see cut below. **6th:** The date if any appears on the range.

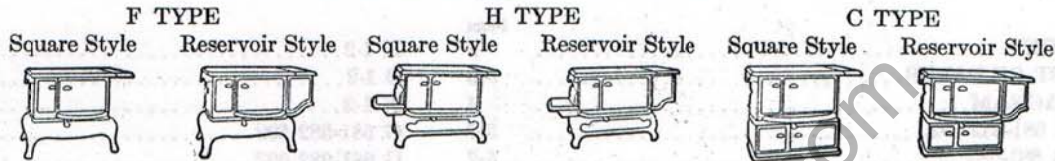

EXPLANATION

"FRONT" of range is the side with oven door. "BACK" of range is opposite the front. "LEFT END" of range is the end containing fire box. "RIGHT END" of range is the end opposite fire box.

FIREBOX parts of range ONLY are named as by a person standing at left end of range, in which position they are as follows:

Side of firebox at left end of range is the FRONT. Side of firebox toward the oven is the BACK. Side of firebox toward the back of range is the LEFT END. Side of firebox toward the front of range is the RIGHT END.

CAUTION: Always order parts by name and number, giving Type letter, Model letter, style and date of range wherever possible, and there need be no delay in getting genuine STERLING Repair Parts.

LIST OF PARTS FOR COAL RANGE

- | | | | |
|---|----------------------------|--------------------------------|--------------------------------------|
| 1—Main bottom | 41—Left end (H style only) | 109—Low closet bottom | 173—Water stop |
| 2—Clean out cap | 42—Right end flue strip | 110—Low closet front | 178—Water stop |
